LIFESTYLE PHILOSOPHY

BOOK1

ARREDARE È IL GIOCO SAPIENTE,
RIGOROSO E MAGNIFICO
DEI VOLUMI SOTTO LA LUCE

FURNISHING IS A STRICT AND MAGNIFICENT
DISCIPLINE FOR THOSE IN THE KNOW,
A GAME OF VOLUMES
PLAYED UNDER THE LIGHT.

LE CORBUSIER

I NOSTRI OCCHI
SONO FATTI PER VEDERE LE FORME NELLA LUCE:
LE OMBRE E LE LUCI RIVELANO LE FORME.

OUR EYES ARE MADE TO SEE SHAPES IN LIGHT:
SHADOWS AND LIGHT REVEAL THESE SHAPES

LE CORBUSIER

L'AZIENDA THE COMPANY

Younique Plus crea lampade fatte a mano che coniugano artigianalità italiana, materiali innovativi e offrono un'esperienza di living unica.

Le nostre luci hanno un design armonioso e sono curate nel minimo dettaglio; tessuti pregiati, vetro soffiato di Murano e preziosi elementi di cristallo che definiscono una sensazione di luce che rende l'atmosfera unica.

Nel realizzare le lampade seguiamo altissimi standard di qualità, tecnologici e di produzione con una particolare attenzione al dettaglio. Il risultato è un prodotto funzionale ed efficiente che ben si concilia con lo stile di oggi. La nostra collezione di luci è ispirata ad una continua ricerca dell'innovazione con l'obiettivo di creare soluzioni sofisticate sia per ambienti interni che esterni.

Per soddisfare le esigenze di tutti i nostri clienti possiamo anche sviluppare e realizzare prodotti personalizzati che incontrino qualsiasi esigenza architettonica o di design.

Younique Plus creates handmade lighting objects that mix Italian artisanship with innovative materials and offer a unique experience in modern living.

We make the most out of craftsmanship through attractive designs and fine details. Prestigious textiles, hand-blown Murano glass and luxury cut lead glass shape the sensation of light and make the atmosphere unique.

Our lighting solutions follow the highest quality, technological and production standards with particular attention to detail. The result is a highly functional and efficient product that suits the style of the times. Inspired by a continuous research of innovation, all the lights of the collection are conceived harmoniously to create a sophisticated and modern indoor and outdoor style.

Younique Plus, in order to satisfy any specific project demands, can also develop and produce custom lighting solutions to meet any architectural or design need.
